**RESPONSE TO PETITION #55
RE: FORESTRY PLAN
TABLED BY DAVID COON
APRIL 7, 2015**

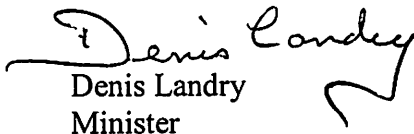

I would like to thank Fredericton South MLA David Coon, for providing our department with Petition #55 regarding the forestry plan announced by the previous government in March 2014.

As a new government, we made a clear commitment on our stand on the forestry sector, as outlined in our platform, *Moving New Brunswick Forward* we committed to reviewing the forestry plan, which is complex and still ongoing, although we have fulfilled a significant portion of our commitment, with the public posting of finalized Memorandum of Agreements and Forest Management Agreement, and others will be posted as they are finalized. We have also released detailed conservation maps as a means of making the forestry plan more transparent to New Brunswickers.

I have met with more than 55 stakeholders groups, including conservation groups and forest industry, and our review will continue with the goals of improving the forestry plan and ensuring our forests provide benefits for future generations. We will certainly make you aware of our course of action when our review is complete and as a government, we will announce a decision on our direction.

Thank you for your interest and for forwarding the petition to our department.

Sincerely,

Denis Landry
Minister

THE UNIVERSITY OF
THE SOUTH PACIFIC
SCHOOL OF DISTANCE EDUCATION
SUVA, FIJI

Dear Sir,
I am writing to you in response to your letter of the 15th of May 1988.

I am sorry that I cannot give you a more definite answer at this time. The problem is that the University is still in the process of finalising its plans for the next year. I will be able to give you a more definite answer when I have received the necessary information from the relevant departments.

I am sure that you will understand my position. I will be in touch with you again as soon as I have more information.

Yours faithfully,
[Signature]
